

# K 50

Dual (2) 5.25" 2-Way In-Wall Center Channel

Our Kevlar Series of custom In-Wall and In-Ceiling speakers are designed for superior sound backed by "bulletproof" durability. Kevlar, a miraculous cutting edge polymer, is the material of choice for bulletproof vests and other highly specialized applications where strength and reliability are critical. Its superior acoustical qualities, when molded into speaker cones, are further enhanced by our custom crafted crossover networks, known for their meticulous detail and component quality. The result is unparalleled sound and performance from this series of superb custom install speakers.

## Special Features

- Fits between studs
- Special Kevlar cones for superior stability and detail at all power levels
- Custom crafted crossover networks reveal crisp, precise response
- Pivot-mount titanium dome tweeter for the best performance and placement flexibility
- Gold plated binding posts for high quality and secure connection
- Video shielded for placement near TV without interference
- Butyl rubber surrounds provide excellent cone control and exceptional durability
- Built-in automatic protection circuit to prevent overload
- Designed in the USA

## Specifications

**Component Drivers:** (1) 1" liquid cooled titanium pivoting tweeter

(2) 5.25" Kevlar cone, long throw woofers with butyl surrounds

**Frequency Response:** 80 Hz - 20 kHz (+/-3 dB)

**Crossover Frequency:** 5 kHz

**Recommended Amplifier Power:** 20-150 Watts RMS per channel

**Sensitivity:** 89 dB @ 1 Watt / 1 Meter (2.83 Volts Pink Noise)

**Nominal Impedance:** 8 Ohms

**Dimensions:** 14" W x 7 5/8" H x 3 1/4" D (Cutout: 13" x 6 3/8")
