

WAFR-FLUSH CLNG 626

Audiophile Super Flush Fit, Seamless Mount 6.5" 2-Way In-Ceiling Speakers

Our Wafer Series of custom In-Wall and In-Ceiling speakers are designed to deliver Pinnacle's superior performance without being seen. Our special low-profile grille design completely covers the speaker and protrudes from the wall a mere 4mm, four times less than standard designs!

Special Features

- No bezel, super flush design protrudes only 4mm from the wall or ceiling. Four times less than standard designs!
- Magnetic grille fastening system creates no bezel look and super flush-fit design
- Custom crafted crossover networks reveal crisp, precise response
- Special polymer woofer cones for superior stability and detail at all power levels
- Pivot-mount silk dome tweeter for the best performance and placement flexibility
- Built-in automatic protection circuit prevents overload
- Butyl rubber surrounds provide excellent cone control and exceptional durability
- Gold plated push-pin binding posts for quick, secure & high quality connection
- Specially mounted microperf grille completely covers the speaker's trim lip for a clean, sleek look
- Hardware in place for easy ceiling mount installation
- Rough-in kit available separately
- Designed in the USA
- 10-year warranty

Magnetic grille fastening system creates no bezel look and super flush-fit design
